Notice

National Service Scheme

All the NSS Volunteers and other student volunteers are hereby informed that on the occasion of 'Mahatma Gandhi Jayanti' NSS is organizing Historic place cleaning activity at Kalsubai Mountain Peak, at Akola, Ahmadnagar.

The activity includes the plastic waste collection from the path of Kalsubai Mountain. Thereby spreading the awareness among other visitors. This activity is aimed to inculcate the historic place visit, physical fitness as well as taking care of these places to maintain the integrity.

The activity is open for interested volunteers with the permission from the respective teacher guardians.

For any query or details contact your respective NSS department coordinators.

Date :02/10/2019

Venue: Kalsubai Mountain Peak, at Akola, Ahmadnagar.

Time: 06:00 AM.

(Note - All volunteers will meet at CBS, Nashik at 06:00AM and from there all will go towards the fort together.)

PROGRAM REPORT

Title of the Program: Historic Place Cleaning Drive and Trek Activity at Kalasubai Peak Mountain

Date(s): From 02/10/2020 **Duration:** 01 day

Venue: At *Kalasubai* Mountain, Tal. Akola, Dist. Ahmednagar

Details of Participants: 65

Introduction

The NSS unit of KCT's Late G. N. Sapkal College of Engineering organized a historic place cleaning drive and trek activity at *Kalasubai* Mountain as a part of the Swachh Bharat Abhiyan. The main objective of this activity was to contribute to the cleanliness and preservation of this historically significant location, while also promoting environmental awareness among the youth.

Activity Details:

On the designated date, all 65 NSS student volunteers gathered at the base of *Kalasubai* Mountain. The activity began with a brief orientation and safety briefing. The importance of the activity and its impact on the environment and the community was discussed to motivate and inspire the volunteers.

Trek to *Kalasubai* Mountain:

The volunteers embarked on a challenging trek to reach the summit of *Kalasubai* Mountain, the highest peak in Maharashtra. The trek was an opportunity for physical fitness and a connection with nature.

Cleanliness Drive:

As the volunteers ascended the mountain, they were given the responsibility of collecting plastic waste and other non-biodegradable litter that had accumulated along the trekking path. The volunteers worked in teams to ensure a systematic and thorough cleanup. In this way students also gave tribute to Mahatma Gandhi on this day of 2nd October.

Cleaning Near *Kalasubai* Temple:

Upon reaching the *Kalasubai* Temple, which holds significant cultural and historical importance, the volunteers extended their cleaning efforts to the area surrounding the temple. Plastic waste and litter were collected, ensuring that the sacred grounds remained pristine.

Education and Awareness:

Throughout the activity, the volunteers engaged in discussions and shared information on the importance of responsible waste management, environmental conservation, and the historical significance of *Kalasubai* Mountain. This educational component aimed to raise awareness among the volunteers and the local community.

Waste Disposal:

Collected waste was properly segregated and managed in an eco-friendly manner, adhering to waste disposal guidelines. Recyclable materials were separated, and non-recyclable waste was disposed of responsibly.

Impact and Conclusion:

The historic place cleaning drive and trek activity at *Kalasubai* Mountain was a resounding success. It not only left the mountain and the nearby temple area cleaner and more beautiful but also made a significant contribution to environmental conservation. The participation of 65 enthusiastic NSS student volunteers demonstrated their commitment to the Swachh Bharat Abhiyan and their sense of social responsibility.

This activity serves as an excellent example of how community engagement and youth involvement can lead to positive change. It is important to continue such initiatives to preserve our historical and natural treasures while promoting environmental consciousness among the younger generation. The NSS unit of KCT's Late G. N. Sapkal College of Engineering is committed to conducting similar activities in the future to further the cause of cleanliness and conservation.
