PROGRAM REPORT

Title of the Program: NSS Unit's Crowd Management Activity on Mahashivratri at Trimbakeshwar temple.

Date(s): 21/02/2020 **Duration:** 01 day

Venue: Trimbakeshwar temple, Trimbakeshwa, Tal. Trimbakeshwar, Dist. Nashik.

Details of Participants: 45

Introduction

The NSS Unit of KCT's Late G. N. Sapkal College of Engineering collaborated with the Trimbakeshwar Police Station to participate in a crowd management activity on the auspicious day of Mahashivratri. The primary objective of this activity was to assist the police department in efficiently managing the massive crowds that gather at Trimbakeshwar Temple during this important religious festival.

Activity Details:

Preparation and Briefing:

Prior to Mahashivratri, the NSS volunteers were briefed on their roles and responsibilities in crowd management. They were informed about the importance of maintaining order, ensuring the safety of devotees, and helping in emergencies.

Deployment and Coordination:

On Mahashivratri, the volunteers were deployed at various strategic points around the Trimbakeshwar Temple complex. They worked in close coordination with the Trimbakeshwar Police Station and were divided into teams to manage different areas.

Crowd Control:

The NSS volunteers played a crucial role in controlling the influx of devotees, directing them to designated entry and exit points, and maintaining discipline in queues. Their presence helped prevent overcrowding and maintain a smooth flow of people.

Assisting the Elderly and Disabled

Volunteers provided special assistance to elderly devotees and those with disabilities, ensuring that they could access the temple safely and comfortably. This included helping them navigate through crowded areas and providing any necessary support.

First Aid and Emergency Response

Some volunteers were trained in basic first aid, and they were stationed at key locations to respond quickly to medical emergencies. Their prompt actions were critical in providing immediate assistance when required.

Impact and Conclusion:

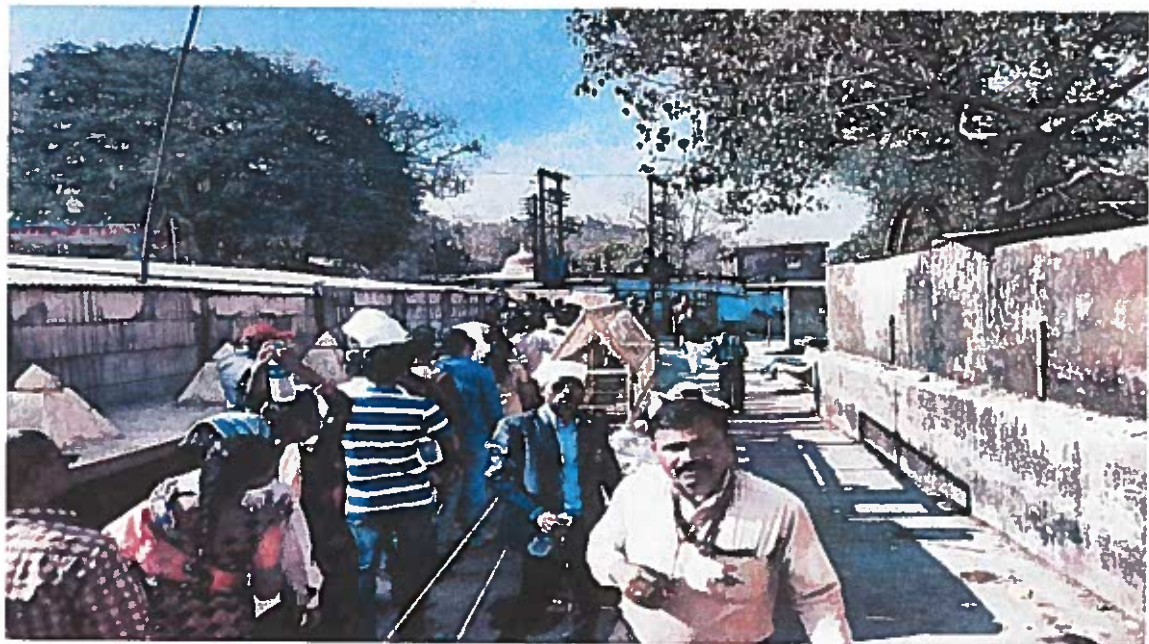

The NSS Unit's Crowd Management Activity on Mahashivratri in association with the Trimbakeshwar Police Station was highly successful in achieving its objectives. The presence of dedicated NSS volunteers helped ensure the safety, order, and smooth flow of the large crowd that gathered to celebrate Mahashivratri at Trimbakeshwar Temple.

The collaboration between the NSS Unit and the police department demonstrated the positive impact of community involvement and volunteerism in managing large religious gatherings. It also showcased the commitment of the NSS volunteers to contributing to the well-being of society and fostering a sense of responsibility and service. The NSS Unit of KCT's Late G. N. Sapkal College of Engineering remains dedicated to participating in such activities that promote community service and uphold the values of the National Service Scheme.
