## PROGRAM REPORT

**Title of the Program:** *Mazi Vasundhara - A Tree Plantation Program.*

**Date(s):** From 01/12/2021 to 31/12/2021      **Duration:** 01 month

**Venue:** Near- by areas of volunteers

**Details of Participants:** 64

### **Introduction:**

The NSS Volunteers of KCT's Late G. N. Sapkal College of Engineering actively participated in the Mazi Vasundhara Program, a green initiative aimed at promoting tree plantation and environmental awareness. This activity, launched by NSS Maharashtra and endorsed by the government of Maharashtra, took place in the month of December, garnering enthusiastic participation from our dedicated volunteers.

The primary objective of the Mazi Vasundhara Program was to instill a sense of environmental responsibility among students and encourage active participation in tree plantation. NSS Volunteers took the initiative to plant trees in their respective homes or nearby areas, contributing to the larger mission of enhancing green cover and biodiversity.

### **Enthusiastic Participation:**

NSS Volunteers played a pivotal role in the success of this activity, showcasing their commitment to environmental sustainability. Their enthusiastic participation was evident as they actively planted trees, promoting the importance of green living and fostering a connection with nature.

### **Educational Component:**

As part of the program, an educational aspect was integrated to raise awareness among students about the significance of tree plantation. Volunteers were not only involved in the physical act of planting trees but also participated in online sessions that imparted knowledge about the environmental benefits of trees and the role they play in mitigating climate change.

### **Pledge for a Greener Future:**

To further engage students and make them feel personally responsible for environmental conservation, an online pledge was administered. NSS Volunteers took the pledge to continue supporting green initiatives, fostering a sense of collective responsibility for the well-being of our planet.

### **Conclusion:**

The Mazi Vasundhara Program at KCT's Late G. N. Sapkal College of Engineering was a resounding success, thanks to the dedicated efforts of NSS Volunteers. By actively participating in tree plantation, more than 100 trees were planted by the volunteers at their places. Gaining environmental education, and taking the pledge for a greener future, our volunteers contributed significantly to the larger mission of creating a sustainable and eco-friendly community. This initiative not only planted trees but also

sowed the seeds of environmental consciousness among the student body, ensuring a positive impact on future generations.
