## Notice

### Tree Plantation

All the students and staff of Institutes run by Kalyani Charitable Trust are here by informed that the 'Student Chapter of National Service Scheme' of Late G. N. Sapkal College of Engineering, has organized "Tree Plantation Activity" on occasion of 'Mahashramdaan Sohla by Jai Babaji Bhakt Parivar' on 22<sup>nd</sup> Aug. 2022.

All are hereby invited to actively participate in the activity.

#### Activity Details :

Date - 22/08/2022

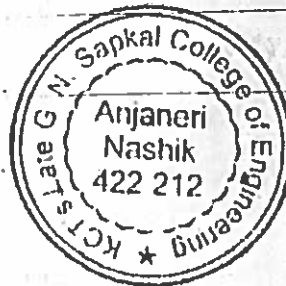

Venue - Main Gate of Campus (North Side)

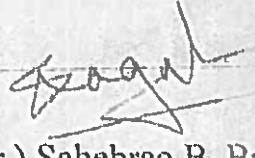

Time - 10:30 AM to 11:30AM

#### Note:

All the participants should gather at Amphitheatre at 10:15 AM on the day of the activity.

## PROGRAM REPORT

**Title of the Program: "Mahashramdan Sohla" – Tree Plantation Activity**

**Date(s): From 22/08/2022 to 22/08//2022      Duration: 01 day**

**Venue: Sapkal Knowledge Hub Campus, Anjaneri.**

**Details of Participants: 70**

### **Introduction:**

On August 22, 2022, KCT's Late G. N. Sapkal College of Engineering conducted a tree plantation activity on its campus with the primary objective of promoting environmental sustainability and raising awareness about the crucial role of trees. The event was graced by the presence of our Principal, Dr. S. Bagal, and the Administrative Officer, Dr. S. S. Harak, along with department heads, NSS volunteers, and staff members.

### **Participants and Tree Selection:**

This event saw active participation from department heads, dedicated NSS volunteers, and committed staff members. A total of 50 trees were carefully selected for planting, considering their adaptability to the local climate and their ecological benefits. The choice of tree species reflected our long-term commitment to sustainability.

### **Planting Process and Preparation:**

Prior to the event, meticulous preparations were made. Pits were dug in advance, ensuring proper spacing and soil quality. Participants were equipped with the necessary tools and received guidance to ensure the successful planting of each tree. This systematic approach ensured the event's efficiency.

### **Awareness and Education:**

An informative session was conducted as part of the event. This session highlighted the critical importance of trees in mitigating climate change, improving air quality, and supporting biodiversity. It aimed to educate participants about the broader ecological context of their efforts.

### **Community Engagement and Responsibility:**

Beyond its environmental significance, the event served as a platform for fostering a sense of community among students, staff, and faculty members. Collaborative efforts not only made the plantation process efficient but also strengthened bonds within the college community. Participants were encouraged to take ownership of the trees' care and maintenance, emphasizing their commitment to the cause.

### **Documentation and Outcomes:**

The event was well-documented through photographs and video footage, which will be utilized for awareness campaigns and as a reference for future initiatives. The outcome of the event included the

successful planting of 50 new trees, increased awareness among the college community about environmental conservation, and a stronger sense of shared responsibility for preserving our natural resources.

**Conclusion:**

The tree plantation activity at KCT's Late G. N. Sapkal College of Engineering was a significant success, contributing to environmental sustainability and fostering unity among the college community. We remain dedicated to future initiatives aimed at creating a greener and more sustainable campus, thus reaffirming our commitment to a better environment.
