Description / Explanation of the Program:

Kalyani Charitable Trust's **LATE. G. N. SAPKAL COLLEGE OF ENGINEERING** of Computer Engineering department in association with Technokraft training and solution, college road, Nashik. It gives platform for basic and advanced coding, web designing and development , cloud computing, cyber security and networking to explore future scope. Networking and programming careers are both part of the computer science field, but they focus on different functions of technology. If you're interested in working with computer systems or applications, you may consider choosing one of these career paths. Managing computer systems and developing computer software are both valuable practices that can help businesses reach their technology goals. In this article, we explain what computer networking and programming are and compare the differences between networking versus programming.

PROGRAM REPORT

Title of the Program: Seminar on **"Latest Trends in Electrical Vehicle Transportation"**

Date(s): 20/01/2023 **Duration:** 2:00 hr

Venue: Seminar Hall

Details of Participants: Students of Electrical Department

Name of Speaker: Mr. **Mr. Jaydeep Shah**

Program Objectives:

1) Objective of the expert talk is to aware students about electric vehicle.

2) Ability to understand the importance of Electrical testing.

3) To give the information about Future in Electrical vehicle.

Summary of Program:

Electrical Engineering Department in Association with IQAC & Students Association organized the Program. The seminar was inaugurated by Hon. Jaydeep shah,

Seminar on **"Latest Trends in Electrical Vehicle Transportation"** was organized at Electrical Department of LGNSCOE, Nashik in association with EESA.

Jaydeep Shah sir discuss electric vehicle (EV) is one that runs on electricity rather than an internal-combustion engine, which creates power by burning a mixture of fuel and gasses.

As a result, such a vehicle is being considered as a possible replacement for current-generation vehicles in order to address challenges such as rising pollution, global warming, diminishing natural resources, and so on.

Though the concept of electric vehicles has been around for a long time, it has gotten a lot of attention in the recent decade due to the increasing carbon footprints and other environmental repercussions of fuel-based vehicles.

Subject: - Conduction & Appreciation Letter

Respected Sir,

Late G. N. Sapkal College of Engineering provides wide range of B.E. & M.E. courses. It aims of conducting high standards of education in the field of Engineering. The college conducts courses in various streams of engineering, at the undergraduate level & postgraduate level, which are conducted strictly as per the rules and regulations of AICTE. With this reference Department of Electrical Engineering & Electrical Engineering Students Association (EESA) of Late G. N. Sapkal College of Engineering in association with IQAC cell conducted **"Latest trends in Electrical Vehicle Transportation, Friday, 1st January**. On behalf of our institute we take this opportunity to express our appreciation to you .It was extremely informative, and participation illustrated the importance of this topic to our students & faculty members. We would like to thank you for your presence & acceptance our invitation.

Thanking You,

"Application Development & Deployment using MATLAB Programming"

Date(s):May 06, 2023 to May 12, 2023 **Duration:** 30:00 hr

Venue: 1) Computer Lab (Computer Dept.)
2) Class Room (Electrical Department)

Details of Participants: Female =12 Male= 29 Total= 41

Name of Speaker with details: 1) Mr. Kunal Khandelwal
(Application Engineer, Design-Tech Systems Pvt. Ltd, Pune.)

DesignTech Systems, India, commenced a humble beginning in the year 1998. Guided by the focused vision of the Managing Director, DesignTech Systems started spreading its wings. They began providing technological excellence in the domain of CAD / CAE & PLM, thereby bringing 2200+ customers under its ecosystem. Determination, dedication and discipline powered by innovation have helped DesignTech achieve success.

2)Prof. (Dr.) Ravindra K. Munje
(HoD Electrical, KKWIEER, Nashik)

Program Objectives:

- To enhance the knowledge of students in High-Level Language
- It offers built-in graphics useful for data visualizing, and tools for generating custom plots
- MATLAB APIs allow users to write C / C++ and Fortran programs that directly interact with MATLAB
- Ability to understand the importance of MATLAB in Industrial applications

Topics:

- Introduction to MATLAB
- Typical Industry Challenges
- From Data to Decisions and Design
- Decisions & Design
- Production Deployment Workflow

Summary of Program:

30 Hrs Ad on program was organized by Department of Electrical Engineering on 06th May , 2023 to 12 May, 2023 Prof. Swati D. Badgujar introduced the speaker Mr. Kunal Khandelwal & Prof.(Dr.) Ravindra K. Munje, has been working in Electrical Engineering field for the last Fifteen to Twenty years

The guest speaker gave an extensive speech on opportunities for electrical engineering fresher's students in MATLAB. The speech was centred on "Gap between Industry & Academics". Apart from curriculum, specialised training is must to secure challenging position in competitive arena. Industries look towards skilled engineers immediate joining on field work not an engineer with lack of technical skills which needs to be trained.

Sir explained for becoming an entrepreneur we have to be well experience & knowledge in specific technical field. Once the system requirements is understood, then it is easy to become an entrepreneur. Sir shared his experience in automation.

Jobs as per candidate's basic engineering branch (Electrical, Electronics & Tele- communication & Mechanical) Placement support to candidate throughout his / her career. Support to candidates if they face any technical problem in their daily work.

The session was concluded with a question answer session at 1:20 & 3.20 p.m every day after the morning and afternoon session completed. Faculty members also co-ordinated to conduct the add on course successfully. There were around Second year, Third year & final year students as participants.

Respected Sir,

Late G. N. Sapkal College of Engineering provides wide range of B.E. & M.E. courses. It aims of conducting high standards of education in the field of engineering.The college conducts courses in various streams of engineering, at the undergraduate level & postgraduate level, which are conducted strictly as per the rules and regulations of AICTE. With this reference Department of Electrical Engineering of Late G. N. Sapkal College of Engineering in association with IQAC cell, Nashik, conducted 30 hours Certificate course on **"Application Development & Deployment using MATLAB Programming".**

On behalf of our institute we take this opportunity to express our appreciation to you for the 30 hour Certificate course on **"Application Development & Deployment using MATLAB Programming".** It was extremely informative, and participation illustrated the importance of this topic to our students & faculty members. We would like to thank about your personally taking time to provide us with the full of information.

Thanking You,
With Warm Regards.
