### Two Days Workshop on Android

<b>Resource Person:</b> Mr. Sudhir Gorade	<b>Date &amp; Time:</b> 4 <sup>th</sup> and 5 <sup>th</sup> July, 2018 10:30 am to 05:00 pm
<b>Academic Year:</b> 2018-19	<b>Sem:</b> I
<b>Targeted Audience:</b> TE Computer students	<b>Duration:</b> 06 hours/ day
<b>Organizing Body:</b> ACES and CSI branch	<b>Venue:</b> PG Research Lab of Computer Dept.

#### Objectives of Workshop:

The main objectives of the workshop were :

- To adapt usage of modern tools and recent software.
- To create data-driven web applications.
- Employ Integrated Development Environment (IDE) for implementing and testing of software solution.
- To study android platform architecture and basic components of android
- Able to build android applications using user interface components, multimedia, animation and graphics as well as advance components of android such as GPS, JSON.

#### Briefs of Workshop:

Two Days workshop on “Android” was organized by Department of Computer Engineering in association with CSI student chapter for third year engineering students. Workshop was started with the brief introduction and felicitation of resource person Mr. Sudhir Gorade by Prof. N. R. Wankhade, Head of Computer Engineering Department. Around 70 students from both the divisions were present for the workshop.

Following Aspects were covered in the Workshop.

- Android Installations
- Study of android architecture.
- Study of user controls, AVD creation.
- Login page design
- Calculator Application

## SEMINAR REPORT

**Title of the Seminar:** Career opportunities in HVAC.

**Number of Day(s):** 01

**Dates(s) of Conduction:** 6<sup>th</sup> September 2018

**Venue:** Mechanical Engineering  
Seminar Hall

**Mode of Programme:** Offline

**No. of Participants:** 44

**Name of Resource Person:** Prof. M. S. Dukale, Prof. Dr. D. B. Uphade

### **Executive Summary:**

The Heating, Ventilation, and Air Conditioning (HVAC) industry offers a wide range of career opportunities for individuals seeking a rewarding and stable profession. As the demand for climate control systems continues to grow in residential, commercial, and industrial sectors, the need for skilled HVAC professionals remains constant. This report explores the various career opportunities within the HVAC industry, outlining the roles, educational requirements, and growth prospects associated with each path.

### **Introduction:**

HVAC systems play a crucial role in maintaining indoor comfort and air quality, making them an indispensable part of modern living and working spaces. Consequently, the HVAC industry is characterized by steady demand and presents a diverse array of career opportunities. This report aims to provide insights into these opportunities and the pathways to success within the HVAC field.

### **Career Opportunities in HVAC:**

#### **HVAC Technician:**

**Role:** HVAC technicians are responsible for installing, maintaining, and repairing HVAC systems. They diagnose issues, perform routine inspections, and ensure optimal system performance.

**Educational Requirements:** A high school diploma or equivalent, along with completion of a vocational school program or apprenticeship, is often required.

**Growth Prospects:** The demand for HVAC technicians is expected to remain strong, with opportunities for advancement into specialized roles or management positions.

#### **HVAC Engineer:**

**Role:** HVAC engineers design HVAC systems for buildings, ensuring they meet energy efficiency and safety standards. They select equipment, calculate load requirements, and oversee system installations.

**Educational Requirements:** A bachelor's degree in mechanical engineering or a related field is typically necessary.

**Growth Prospects:** HVAC engineers can advance to senior engineering roles or specialize in areas like sustainable HVAC design or consulting.

#### **HVAC Sales and Marketing:**

**Role:** Sales and marketing professionals in HVAC sell equipment, systems, and services to residential and commercial customers. They build client relationships and promote products.

**Educational Requirements:** A degree in marketing or a related field can be advantageous, but relevant experience and strong communication skills are crucial.

**Growth Prospects:** Career advancement opportunities include sales management positions or specialized roles in product development.

### HVAC Project Manager:

**Role:** HVAC project managers oversee installation and maintenance projects, ensuring they are completed on time and within budget. They coordinate teams and ensure compliance with regulations.

**Educational Requirements:** A combination of technical knowledge and project management skills is essential.

**Growth Prospects:** Experienced project managers can advance to senior project management roles or transition into higher-level management positions.

### HVAC Inspector:

**Role:** HVAC inspectors assess systems for compliance with building codes and safety standards. They provide certifications and ensure installations meet legal requirements.

**Educational Requirements:** Licensing and certification requirements vary by location, but generally involve a combination of education and experience.

**Growth Prospects:** Experienced inspectors may become chief inspectors or consultants in specialized areas of HVAC inspection.

### Conclusion:

The HVAC industry offers diverse and promising career opportunities for individuals with varying levels of education and experience. As the demand for efficient and sustainable HVAC solutions continues to rise, professionals in this field can look forward to a stable and rewarding career. Whether pursuing roles as technicians, engineers, sales professionals, project managers, or inspectors, individuals can find a fulfilling path in the HVAC industry by combining their skills, interests, and dedication to excellence.

**Subject: Invitation as a resource person for the Seminar on Career opportunities in HVAC.**

Dear Sir,

We would like to introduce our self as one of the emerging institute in Nashik District. We affiliated to University of Pune and cater for five Bachelor's degrees in Engineering, viz. Bachelor in Civil Engineering, Computer Engineering, Electronics and Telecommunications, Electrical Engineering and Mechanical Engineering.

As a part of One day saminar, the students of BE Mechanical engineering are required to be aware about different oppotunities in the HVAC for the career option.

Your expertise and experience in the field of Thermal engineering will be an excellent addition to students' knowledge. As many participants will be benefited by listening to your talk, it is honour for us to invite you as a speaker for the talk on topic "Career opportunities in HVAC."

We have arranged your seminar on 06<sup>rd</sup> September 2018 at 10:00 am to 05.00 pm. So we request you to spare your valuable time and share your experience.

Thanks You.
