Letter of Recommendation

As the Head of Department of this elite institution, I am delighted to write this letter in support of Mr. Abhishek Hire, a worthy candidate of our institute for his Master's at your prominent university. I have been associated with him since his sophomore year and instructed his batch for the subject Computer network (CN) and Information and Cyber Security (ICS). I found him to be an altruistic, sincere and amazing personality.

To shed light on his academics, I can say that Abhishek has participated in the classroom discussions and always used to come up with different innovative ideas sharing his views without any hesitation. He always lent a helping hand to his peers in clarifying their doubts. He has shown deep interest in practical learning approach and carried out practicals with unflattering zeal. I have observed him as a hard-working, studious and enthusiastic student throughout his studies.

I have seen Abhishek's extraordinary efforts in his project and appreciated him for the commendable work. He has been curious about keeping abreast of the latest advancements in the research field. His ingenious way of working upon and deriving viable solutions in any assignment he undertakes is highly appreciated by his peers and professors alike.

I must also state here that Abhishek has strong command over the language English and impeccable communication skills. Being a versatile pupil, he has actively participated in several sports events of the college. I must say that he is really good at it and has also improved his physical fitness and strength by it.

All things considered, I believe Mr. Abhishek Hire is a student of exceptional character and aptitude. Hence, I strongly recommend Abhishek to be considered as the potential candidate for admission to the Master's program at your highly esteemed university. I wish him all the success for his bright and promising future.

Dear Mr. Abhishek Sharad Hire,

Congratulations, it gives me great pleasure to inform you that your application has been approved for admission with Out-of-State Tuition to the Data Science and Business Analytics - MS in Engineering program in the College of Engineering at Wayne State University for the Fall 2022 semester. Enrollment beyond your first academic term is contingent upon submission of any outstanding admission items detailed on your [application status page](#).

By enrolling at Wayne State, you will be joining a premier research university that combines academic excellence with the unique experience of living and studying in an urban environment. The Carnegie Foundation for Advancement of Teaching designates Wayne State in its highest research category, a distinction held by 3.6 percent of U.S. institutions of higher education. This means that our faculty, programs and research initiatives are at the forefront of their disciplines.

Check the [registrar's calendar](#) to see if the schedule of classes has been posted online and if registration for your term has started. Once the [Class Schedule](#) is available you can explore the courses your program is offering, and then consult with your program to determine the best selection of courses for you. If registration is available, you may enroll in classes at any time up to 30 days before they begin; after that point, you will not be able to add or drop any classes until you arrive on campus. Once you are able to register, simply logon to our intranet, [Academica](#), using your Access ID (**hi6066**) and password (**004887004**). Your password must be changed after your first login. If you have previously received an Access ID, you may need to re-set your password. For assistance, visit the [CIT Help Desk](#).

Please remember: Your admission is valid only for the Fall 2022 semester. If you do not validate your admission by registering for classes for the term offered in this letter, you will need to reapply for a subsequent semester to be reconsidered by your intended academic program.

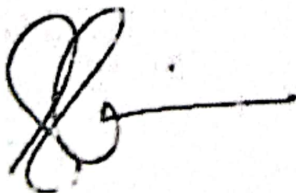

The [Office of International Students and Scholars \(OISS\)](#) handles the entire I-20 procedure. Your I-20 will be processed within 3-5 days, and you will receive it in the mail within 5-7 business days after processing. You can check the status online, but please contact OISS if you have additional questions.

When you arrive in Detroit, you will need to check in with the [Office of International Students and Scholars \(OISS\)](#) and attend an orientation program. You will also need to finalize [housing](#) arrangements, and pay fees before beginning graduate coursework. The OISS will contact you with instructions on check-in procedures.

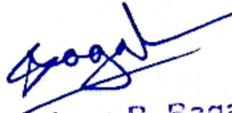

If you have any questions or need assistance, please feel free to contact the Office of Graduate Admissions.

We welcome you to the Wayne State University family!

Sincerely,

Sherry Quinn
